

Cannobio 2010!

18 – 25 Luglio 2010

Una vacanza bellissima con il MONOCICLO.

Camp per ragazzi organizzato da Astrobike asd
con il patrocinio del:

Comune di Cannobio

Associazione Italiana Monociclo

Where

Connobio, located on the west coast of Lago Maggiore, few kilometers from the Swiss border, with about 5'000 inhabitants, is one of the most fascinating town on the lake.

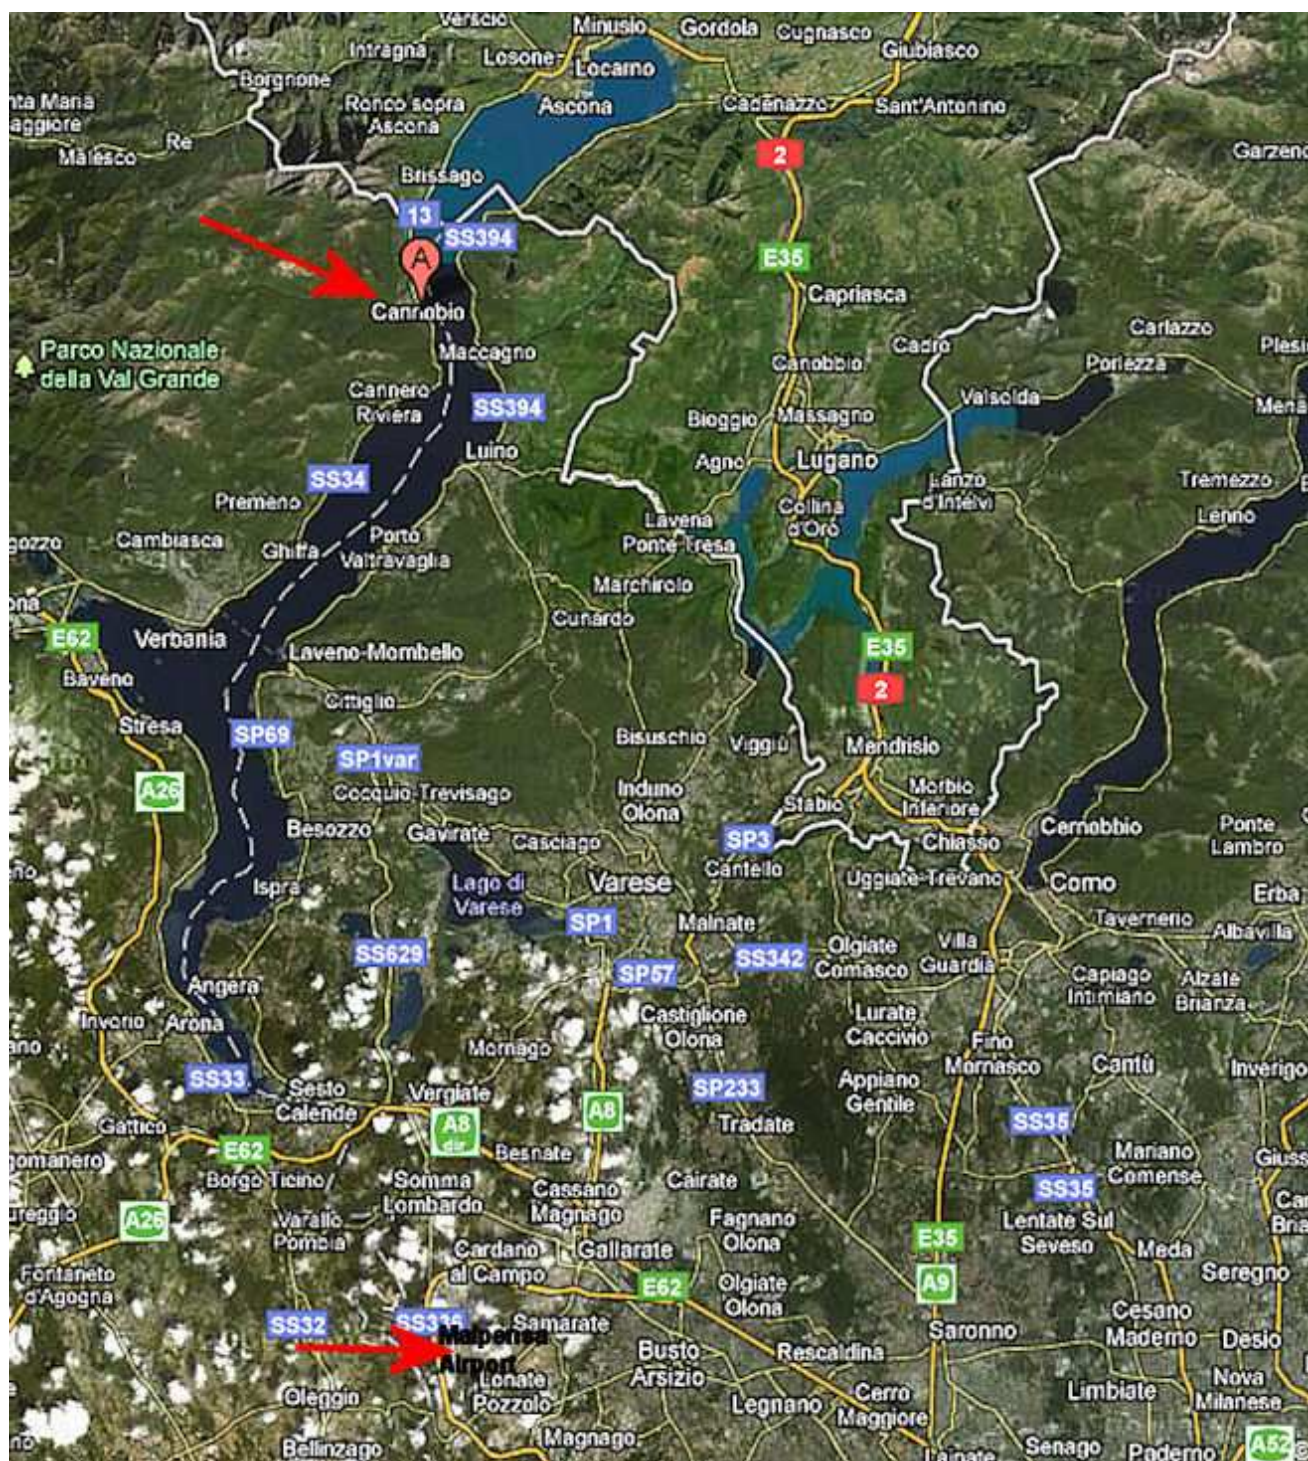

How to reach Cannobio

- ✓ by car from Intra (I)
if you arrive from South
- ✓ by car from Ascona (CH)
if coming from North
- ✓ If you arrive by train or flight a shuttle will pick you up from Malpensa airport or Milan Central Station.

85 km from Malpensa airport

127km from Milan Central Station

Our headquarter

The city park named “Parco Cantiera” will be our base camp.

Here you see our camp and how far away we are from the city

Look at the **bike path**. It is about 3km long, very comfortable, away from the traffic. We will be able to reach all “strategic” areas in total safety.

The beach

The environment offers a beautiful and natural “trial” camp and, why not, a refreshing bath in the lake.

The river

The riverbed is perfect for trial and, of course, perfect for a bath...., too

Stones and rocks will be a natural habitat for trial-beginners as well as experts

In addition to this, pallets and other surprises will wait for you just near the camp.

This is a classic Trail/Pallets zone as we will prepare.

What we will do

The purpose is to train ourselves and play with our unicycle, together with international champions who will be there and will be our teachers all over the week.

We will do trial street and flat; we will not leave out the possibility to organize other different and interesting games.

Races will be part of our program; we will speak about regulations. Daily short races will take place, giving to all of us the possibility to do “better than yesterday” and our competitor will be “my performance of the day before”.

Saturday, July 24th a race valid for the Italian Championship Trial will take place.

Who will be the teachers?

Marco Vitale, president of the Italian Unicycle Association will be present all over the week and always at your disposal at the Headquarter camp.

Mark Fabian, multi champion in Trial & High Jump, will be our Technical Manager.

Krisz Covasc, winner of some EUC-Championships in Flat & Street, will train with those who want to learn the tricks in Flat & Street.

Daniele Zacchi Italian champion Trial 2008 and bronze medal at UNICON 2008.

The teacher-team is still “in progress”, however we forecast 3 / 4 technical instructors and 2 / 3 assistants.

What to bring?

First, of all yourself ☺

Then:

- Light clothes sufficient for 1 week, swimsuit, warm clothing for the evening (it can be cool) a key-way, shoes for unicycle and other shoes.
- A sleeping bag, pillow, a camping mattress and a tent (if needed and requested it in advance, we can provide you with places in tent and the equipment needed).
- Helmets, wrist, knee and shin protections (attention: it is mandatory to bear protections!).
- Unicycle with a 20x2.5 wheel (if you do not have it, you can rent it on place).

For whom is the Camp?

Places available this year : 25.

All Italian and foreign students, aged between 12 and 17 years, both male and female, may join the camp.

Special exemptions may be granted to children... let's talk 😊

Adults can decide to join the camp one or more days or the entire week.

If the places are sold out at "Parco Cantiera" 's camp, additional places will be available at another camp along the bike path.

Costs

Not yet defined in detail.

We have a convention with the bar / restaurant at the campsite. The cost for the preparation of the trial field and the travel expenses of the teachers will be equally shared among all participants. At the moment we estimate a maximum expenditure of Eur 300, all inclusive, for the entire week.

How to book

The places available are few (remember 25!), therefore we have to proceed in two steps:

- 1) STEP 1: please book by sending an email to marco@unicyclist.it with all your data, such as first name, last name, age and address, phone number and the one of your parents. First you book, better it is!
- 2) Once we know the exact costs and all details we will open the enrollments by sending an email to everyone. The first 25 who register, will be immediately confirmed at the "Parco Cantiera" 's camp. The following ones will be confirmed based on the places available at the additional camp along the bike path.

All info and the list of all confirmed bookings will be available on the website www.unicyclist.it

Please send your reservation to: marco@unicyclist.it
