

Trials and Muni week for beginners and advanced!

Great opportunities to build the coolest track that can be permanent. Come to **Salling, north of Skive** and join in on the first unicycle camp. Teachers are some of Denmark's best for trials and muni.

New at the Circus Factory

The one-wheel bicycles have all year been part of circus camp, in order to act in a circus show. Now we have been able to build cars and do an outdoor arena with lots of trials opportunities and obstacles. So week 31 will be focusing on unicycling, but different severities. To participate in this ugeforløb you should ride on unicycle, and you must have some experience on the bike. Are you a beginner and have to start from scratch, so it is in week 26 you must attend, or at www.cirkusferie.dk

Extreme sports on Unicycle

Beginner trials: On this team, anyone who can ride and jump, get involved. On this team we work towards a show in the circus tent. Do you work in a children's circus, so it would be cool to have trials with numbers in your performances.

Intermediate Trials: For those riders who already run trials. For you it will be a week with lots of fun and challenges. You will work to build your own obstacles. There will be presentations of how you can build a path and there will be ample opportunity to challenge each other. During the week we build our own indoor track.

Muni / Trials: Try forces of the new Committee Fixed Equipment Committee. Here is an opportunity for cross driving on unicycle, and there are obstacles of various severities. You decide your route, depending on how good you are on your bike.

There are plenty of challenges during the week. We end the week with races on the cross runway show at our indoor trial court, and show in the circus tent.

From Sunday the 1st August there is accommodation from 13:00. There will be briefing at 16.00 with some demonstrations by teachers. After that we start. The whole week working in various groups and we are working toward display and run on Friday, where we invite the audience outside.

There will be food served three times a day and while the afternoon there will be fruit. The price is DKK 1400, - for the whole week, all incl.

Accommodation takes place in packed tents or caravans.

Teachers:

Lars Lottrup - has won unicycle DM more than 20 times and gold at the World Trials.

Jesper Møller Andersen - Denmark's probably best municyklist. He travels around Europe sparsely to participate in the muni ran all sorts of places. Within was a 24 hour race in England and before that a weekend tournament in Slovenia.

Nikolaj Moestrup - One of Denmark's top cyclists within trials. Many people know Nikolaj from Talent 2009th. At his last World Cup, he was 3rd, just a few points behind the winner.
